EXPERIENCE

JULY 2022 - SEPTEMBER 2024, INTERN SUMMER 2020, 2021

Microsoft, Software Engineer

- Developed front-end user filters for Copilot Dashboard to analyze leader metrics in how AI is transforming workplace behavior
- Developed rating features for online meeting surveys enabling more productive meetings in Teams used by 500,000+ weekly
- Interviewed 13 users, 2 executive representatives, and analyzed 40 focus group findings to determine what insights were of highest priority to streamline onto a single page dossier used by 40,000+

JUNE 2020 - JUNE 2022

Design Lab, Research Assistant

- Created a 50-page guide to Design viewed by 4000+, conducting interviews with 32 students, incorporating feedback from 12 faculty, 112 survey responses, and 500+ comments then synthesized findings to create a scalable methodology
- Designed interactive whiteboard templates interfaces for 120+ design students and 30 San Diego residents at SD Design Week to solve COVID-19 civic issues then analyzed 100 artifacts to uncover novel uses

NOVEMBER 2019 - NOVEMBER 2020

ACM UC San Diego, Product Designer

- Spearheaded experience journeys of member inclusiveness at 40 events and feature creation of gamify-ing event check-in for 1100+
- Created an in-house design system of Figma components, web design standards like modals and user input fields, and graphic standards

EDUCATION

CLASS OF 2022

University of California San Diego

B.S. Cognitive Science: Human-Computer Interaction

Minors: Computer Science, Design

- **Design coursework**: Designing Human-Data Interactions, Front-End Development, Interaction Design Research, Info Vis, HCI Studio, Human-Centered Programming, HCI Research, Prototyping, Product Design
- **Leadership**: 2x Product Design Teaching Assistant, iD Tech Design Instructor, ACM Co-Founder, IEEE Professional Development Chair
- **15 Hackathons**: Competed in as a designer (award-winner at Citrus Hack, IEEE Projects, HooHacks, HackSC, HackTech, LA Hacks)

SKILLS

Figma, Zeplin, Adobe Creative Suite, Wireframing, Prototyping, User Research, A/B Testing, Usability Testing, Product Design, Interaction Design, Design Systems, HTML, CSS, TypeScript, React
